

Regional Technology Forum and Research Symposium

Rationale/Purpose

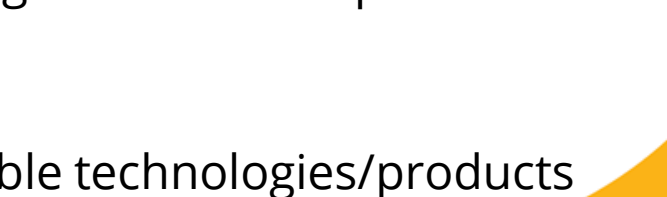

In line with the goal to strengthen the Agriculture and Fisheries Resources, Research, and Extension for Development Network (AFRREDN), the activity aims to provide a venue to:

- a. share and promote technologies and products;
 - b. share best practices among network members;
 - c. boost partnership and collaboration among network members;
 - d. promote network's (and its members) collaboration and networking with private and public organizations; and
 - e. create awareness on the purpose of the network and its members.
- 

Title Recommendations

- **REACH:** *Regional Exhibit on Agriculture and Fisheries Collaboration and Harmonization*
 - **AFFIRM:** *Agriculture and Fisheries Forum for Innovation and Regional Multi-stakeholder Partnerships*
 - Regional Agriculture and Fisheries Technology Exhibition
 - Regional Technology and Harvest Festival
- 

Activities/Events that may be conducted

- Regional Research Symposium
 - Seminar Series
 - Sharing of best practices and challenges
 - Partners Day (BAR, PCAARRD, CHED, DTI, etc.)
 - provide avenue for network partners to share the programs/activities that the network may tap/access
 - AFRREDN Night
 - may include: introduction and induction of new members, awarding of membership certificates
 - Market Matching and Pitching
 - network members to pitch to invited private/public partners available technologies/products
- 

Proposed Schedule

- The Regional Technology Forum may be conducted before the DA-BAR National Agriculture and Fisheries Technology Forum/Exhibition in August which will serve as the culminating activity.

Thank you!
